

Freedom of Information Statement

South Australia Police (SAPOL) is an agency pursuant to Section 4 of the *Freedom of Information Act 1991* (FOI Act) and this Information Statement is published in accordance with Section 9 of the FOI Act. The FOI Act confers on members of the public a legally enforceable right to access information held by the South Australian Government subject to certain restrictions. A comprehensive introduction to freedom of information can be found on the State Records website at [Accessing Information held by SA Government | State Records of South Australia \(archives.sa.gov.au\)](https://www.records.sa.gov.au).

Agency Structure and Functions

A comprehensive description of SAPOL structure and functions can be found on our website and in our online Annual Reports at <https://www.police.sa.gov.au/about-us>.

Effect of Agency Functions on Members of the Public

SAPOL functions affect the public through direct service delivery of our core functions. These are; to uphold the law, preserve the peace, prevent crime, assist the public in emergency situations, coordinate and manage responses to emergencies and regulate road use and prevent vehicle collisions.

Public Participation in SAPOL Policy Development and the Delivery of its Functions

SAPOL is committed to and encourages public participation in the development of its policies and the delivery of its core functions in several ways including community consultation forums, surveys, promotional activities and committee membership. SAPOL holds ongoing Police and Community Engagement (PACE) Forums across all metropolitan Districts, Regions and social media. SAPOL provides support to a number of boards and committees which include members of the public who contribute to the development of policies and provide feedback to allow for continuous improvement in the delivery of SAPOL core functions.

Community Feedback – Service Charter

SAPOL is committed to service excellence by consistently delivering service of the highest quality to the community. Community support is vital to ensuring the effective delivery of police services and SAPOL wishes to hear from members of the community who have received a policing service by completing a feedback form which is available online under the Feedback section at <https://www.police.sa.gov.au/about-us/service-charters>.

Crime Stoppers

Crime Stoppers is an independent not-for-profit organisation which delivers a successful community initiative dedicated to solving and preventing crime. Crime Stoppers offers the community a means to actively contribute to enhancing public safety and provide information on criminal activities and individuals involved in suspicious behaviour through various crime prevention and awareness campaigns. They also play an active role in the media, promoting unsolved crimes and encouraging people to anonymously report information, with the option of a reward. Crime Stoppers operates 24/7 and information can be provided in confidence anytime by reporting online through their website or telephoning Crime Stoppers on free-call 1800 333 000. Further information about this program can be located at <https://crimestopperssa.com.au/>.

Traffic Watch Program

The community can participate in keeping South Australia's roads safe by reporting dangerous driving that is not urgent and doesn't require police attendance on-line at <https://www.police.sa.gov.au/online-services/traffic-watch2>. The information captured through Traffic Watch will help make our roads safe by assisting police in determining the future allocation of resources and identifying locations for drug and alcohol testing.

Road Safety Centre

SAPOL Road Safety Centre is a multifunction road safety educational facility. The centre provides road safety sessions for students, businesses, special interest groups and community groups ranging in age from preschool to older road users. This approach supports the SAPOL concept of road safety education being a lifelong learning process. Further information regarding the Road Safety Centre can be found on our website at <https://www.police.sa.gov.au/your-safety/road-safety/road-safety-centre>. You can follow the SAPOL Road Safety Centre on Instagram - @sapolroadsafety.

Neighbourhood Watch SA

The Neighbourhood Watch (NHW) SA's vision is to build a safe and connected community. Through its unique link with SA Police, the program helps prevent crime by raising awareness of topical offences, building relationships with local police, and encouraging community members to connect with each other. NHW groups exist across South Australia, groups host semi-regular community meetings with a local police coordinator in attendance where crime prevention advice and information about local crime is shared in the interest of creating safer communities.

You can follow NHW SA on Facebook - <https://www.facebook.com/NeighbourhoodWatchSA>, and visit www.nhw.sa.gov.au to complete a home security habits quiz and find out how you can get involved with the program.

Social Media

Community engagement via SAPOL use of social media is a vital tool in providing the public access to real time information especially during emergency events. SAPOL encourages community participation and assistance with police investigations and missing persons. Further information about various SAPOL social media platforms can be found on our website at
