Ms Alison SANDY
FOI Editor
560 Sir Samuel Griffith Drive
MOUNT COOT-THA QLD 4066

Dear Ms Sandy,

Re: Freedom of Information Act application

I refer to your application made pursuant to the Freedom of Information (FOI) Act 1991 in which access was sought to the following information:

"Documents, specifically reports and photos and CCTV/video, relating to charges laid or warnings/cautions as a result of illicit drugs that occurred at SA educational facilities since 1 January, 2017. If the statistical information is available, please limit to just the statistical information and incident/event reports from just primary schools or childcare facilities in the Eastern, Northern, Western, Southern districts. If there are more than 50, please limit to the first 50 located where one or more of the following drugs were referred to: cocaine, methamphetamine, heroin, ICE, ecstasy, amphetamines, speed. Please exclude duplicates, documents that have already been publicly released, media statements/reports/articles and correspondence with media. I consent to documents/video beings released with exempt material redacted/pixilated."

I am advised that during the period 1 January 2017 to 16 September 2018, there were **no illicit drug offences** recorded at a child care centre or kindergarten.

Please note, South Australia Police (SAPOL) computer systems do not differentiate between primary and secondary schools for offences. Several reports were located on the SAPOL computer systems with the offence location of "school", however it is imperative to point out that these offences did not necessarily involve students or staff from that school, may have occurred outside normal school hours or days.

In relation to this part of your request:

"... If the statistical information is available, please limit to just the statistical information ..."

It is determined to **release in full** the statistical information regarding reported drug offences in South Australian Schools from 1 January 2017. This information is contained within the table below and was correct as of 16 September 2018.

In relation to this part of your request:

"...and incident/event reports from just primary schools or childcare facilities in the Eastern, Northern, Western, Southern districts. If there are more than 50, please limit to the first 50 located where one or more of the following drugs were referred to: cocaine, methamphetamine, heroin, ICE, ecstasy, amphetamines, speed..."

Before dealing with this part of your request it is important to draw your attention to the page numbers on the top right corner of each document. The page numbers relate to the number of pages printed with each batch print run and are not indicative of the number of pages associated with each report.

I confirm that searches were undertaken for CCTV and video footage however no documents were located.

South Australia Police (SAPOL) has located documents that are associated with the wording of your FOI application. The documents are numbered and described in the following schedule. The schedule contains the details of the determination in compliance with section 23. In particular, note the grounds on which access has been refused, including the reasons which are contained in the schedule.
