Matt / Mark & Ch. Supt

Just keeping all in the loop. As discussed with Mark, I have advised Adam that we may have no objection to bringing the matter on earlier and I would advise.

Obviously all depends on whether PASA, make a submission and the timeliness of that submission.

Mark, obviously PASA are their own identity, if they could expiate their decision, whether to submit or not and then provide a response if that is their determination,

Cheers

**Subject:** [EXTERNAL] AOSMA Liquor Licensing Hearing

Hi Greg,

Thanks for your time on the phone earlier today, I really appreciate the call back.

As discussed, AOSMA is quite keen to have the matter at hand heard by the CBS Commissioner sooner rather than later. I must admit my understanding was that the matter was going to be heard last Monday the 27 June, but now understand it will be heard on 26 July.

At the AOSMA Board meeting today, I undertook to try and work with both SAPOL (as the only objector) and CBS to see if we can have this date moved up so that the AFL fans can benefit from this positive change this year.

By way of background, we have actively consulted with all Adelaide Oval venue hirer stakeholders including, SACA, SANFL, AFL Clubs, AFL and CA who are all in favour of the change. Further, the application has been supported by Deputy Premier Hon. Susan Close MP from an environmental and patron experience perspective (see attached), and the application has not been objected to by Adelaide City Council, any local resident or private person.

That said, we are keen to understand all points of view and respect the process which we are not trying to circumvent, but to just have it dealt with sooner rather than later.

Any assistance is greatly appreciated.

Happy to have a chat anytime, even if its with a view of resolving any SAPOL concerns ahead of the CBS hearing.

Kind regards,

Chief Executive Officer  
Stadium Management Authority  
PO Box 900  
NORTH ADELAIDE SA 5001

By email:

Dear (b) (1)

I write to you regarding the use of plastic cups at Adelaide Oval.

Over the weekend I was pleased to learn the Melbourne Cricket Ground is currently undertaking a trial of serving alcoholic beverages to customers in cans, rather than in plastic cups, in a move to reduce the venue's environmental footprint.

I know Adelaide Oval has been looking at ways to reduce the waste produced on match days and was glad to read the Stadium Management Authority will closely monitor the trial and consider implementing a similar program.

South Australia has always been a national leader in recycling and waste management, which is why I would be very supportive of such a trial being undertaken at our state's iconic sporting stadium.

I understand that Adelaide Oval's beer supplier, Lion, is also supportive of the move and I strongly believe that patrons would be equally as eager to enjoy their beverages straight from the can, and see the venue make an environmentally conscious switch.

Thank you for your consideration of this matter and I would greatly appreciate any updates on Adelaide Oval's plans to reduce waste.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Susan Close".
