

DON'T LOSE IT - LOCK IT!

LOCKING INSTRUCTIONS

Use a D-lock on the inside rear frame triangle and secure to a sturdy fixed structure (designated bike rack).

Use a second lock (cable or heavy chain) to secure the front wheel.

Quick release skewers can be replaced with keyed locking skewers to ensure wheels are locked to the frame.

There are a number of different types of locking devices available. Talk with your local bike retailer for further information.

SOUTH AUSTRALIA POLICE
KEEPING SA SAFE

Government
of South Australia

DON'T LOSE IT - LOCK IT!

LOCK Purchase good quality locks.

Always park and secure your bike in well-lit and populated areas.

Always lock the frame.

Remove equipment including your helmet, lights and pump.

PROTECT Engrave and mark your bike frame (near the serial number) with an ultraviolet (UV) pen, microdot or by other permanent means with your driver's licence number, prefix by the letter 'S' for South Australia e.g. S123456.

Mark all accessories including helmet, lights, pump, saddle, etc.

RECORD Details of your bike, including a photo can be recorded on the SAPOL Bike Passport. Collect one from your local police station or download a copy at www.police.sa.gov.au.

Never leave your bike unattended and unlocked, even for a short period of time.

When at home, secure your bike in a locked shed or inside your house.

If your bike is stolen, report it immediately to the police assistance line on 131 444.

For further information contact your local police station or visit www.police.sa.gov.au to download a copy of the SAPOL Bike Passport.
