INCIDENT SUMMARY

At approximately 0837 hrs, I was standing outside the guard house when a MOP presented herself stating that an unknown female was making threats to and attacking a bus driver at bus stop A3. This bus stop is directly adjacent to the main gates of Government House and a few metres away from the Guardhouse. Soon afterwards, another MOP approached me stating the same information and that the female was in possession of a weapon. I asked for clarification on what the weapon was and they both believed it to be a baton. At the time, I was standing by the main gate and could not see anything aboard the bus.

A member of Government House staff who was outside at the time approached the bus and saw the female. Stating that she was threatening people. I requested an eastern patrol on ⁽¹⁾(2)(a)(iii) and (b), giving a location and all available information. I then saw an aggressive ⁽¹⁾ female depart the bus holding a long metal rod which she yelled at people with, including the Government House staff member.

At approximately 0838 hrs, and with the bus driver and the MOPs safety in mind, I approached the female who, upon sighting me, boarded the bus with the weapon. The female was also holding a broken measuring ruler. The female blocked the front door of the bus, hitting the butt end of the metal rod against the front plastic of the bus. I asked her "What is going on?" To which she replied with racial slurs and vulgarity, calling me a ⁽¹⁾ and a ⁽¹⁾. Again, I asked "What's going on?" To which she replied that saying that she wanted to "go to Hutt street but everyone is a ⁽¹⁾". She then proceeded to threaten the bus driver who was visibly distressed.

I directed the female to depart the bus, she refused. I pulled the female from the bus, allowing the bus to safely depart. I kept continuous comms at this time notifying them of what was happening and asked the Government House Staff member to leave. The female dropped the items and I directed her to sit down and wait for police. The female was non-compliant, throwing a black metal chain towards Government House, pushing me away, swearing, and running across King William Rd towards North Tce and Parliament House.

The Government House staff member who was still outside put both weapons and the chain into a bin outside the bus stop.

At approximately 0851 hrs, SEV10 and SE551 arrived on scene. At approximately 0854 hrs, SEV81 arrived on scene. A white level search was conducted of the main gate and the bin. A long metal antenna, black metal chain and ruler were found in the bin.

Nil injuries to members or MOP. Female arrested a short time later by police on Grenfell St.

At approx. 1420 hours Unknown MOP walked from an eastern direction on North Terrace and sat on the main stairs of Parliament House next to another Unknown MOP. Upon PH PSO's monitoring of cctv. male was acting erratically, seemed to be talking to himself.

At 1423 SE296 (PSO PAGE-THOMSON) left centre hall to engage with the male and check on his welfare, whilst speaking to the male he identified himself as ⁽¹⁾. Upon asking why he was on parliament staircase the male had become agitated and stated "someone in parliament is impersonating me" "the other ⁽¹⁾ is a fraud" "you have uni students running parliament" "i want to see a minister and none will see me but all these ministers are leaving and could be seeing me" referring to members of parliament leaving through centre hall.

As ⁽¹⁾ became agitated, and it was only SE296 outside, SE296 decided to come back to ⁽¹⁾ with a additional PSO SE291 (member PRINCE) as op safety was required.

Upon entering centre hall to ask SE291 to assist on directing ⁽¹⁾ to leave SE296 was made aware that ⁽¹⁾ had caused issues in the past at PH in an email sent on the 8/10/24 which included a image of ⁽¹⁾ as well as multiple warnings.

At 1428 hours SE296 and SE291 had made their way outside and directed ⁽¹⁾ to leave. When ⁽¹⁾ was directed to leave, he asked "why?" SE296 stated to him "there have been a few issues involving you already and as this is a protected place I am able to direct you to leave to maintain security" ⁽¹⁾ the started mumbling under his breath but walked West down North Terrace.

SE296 then advised PSSB comms of the situation in case further issues occurred.

Good afternoon,

This morning at 0952hrs, ⁶⁽¹⁾ entered Centre Hall to join the Parliament public tour at 1000hrs. PSO HOFFRICHTER recognised him as he had previously joined the Parliament tour on two other occasions (13/02/25 and 17/02/25).

Upon signing in, he was not asked to produce ID at the reception desk. ⁶⁽¹⁾ conducted the public tour and recognised him from a previous tour.

Once returning from the tour, ⁶⁽¹⁾ seemed to be in a rush to leave and attempted to open the middle glass doors before PSO SINGH pulled him aside for questioning.

Upon interacting with ⁶⁽¹⁾, we initially inquired about his frequent visits to Parliament House, specifically asking why he had been there three times within a very short period. His response was, "Just out of curiosity," and he also asked, "Is there any restriction on visiting Parliament House repeatedly? If I want, I can visit every day, can't I?"

We then asked how long he has been in Australia, to which he replied, ⁶⁽¹⁾, ⁶⁽¹⁾. We proceeded to ask about his current visa status, and he answered, ⁶⁽¹⁾.

When asked about his profession, he stated, ⁶⁽¹⁾. We also inquired about his current living situation, and he responded, ⁶⁽¹⁾.

We then raised the topic of his ⁶⁽¹⁾ passport issued in the ⁶⁽¹⁾. He responded, ⁶⁽¹⁾ before quickly adding, ⁶⁽¹⁾. When asked about his duration of stay in the ⁶⁽¹⁾, he replied, ⁶⁽¹⁾.

Further questioning revealed that he ⁶⁽¹⁾, and when asked about his residential address, he mentioned that he had ⁶⁽¹⁾.

Throughout the interaction, his demeanour was unusual, responding with a strange attitude that raised some concerns about his visits to Parliament House.

After discussing with tour guide ⁶⁽¹⁾, it is believed he may have taken a couple of photos while on the tour, although this is a common occurrence whilst on the public tours.

We are submitting his details and the information from our interaction for your review and advice regarding his next visit to Parliament House.

The details are as follows:

SE297 PSO HOFFRICHTER and SE295 PSO Amanpreet SINGH, observed on camera a male sitting in front of the House Assembly door (Western side) attempting to smoke a glass pipe.

At 1935 HRS, SE295 approached the male and asked to see his ID. He refused, stating, "I'll not show my ID to a Police Security Officer, just call your manager." SE295 insisted, requesting him to show his ID. He responded by saying, "Stop harassing me, otherwise, I'll call my Dad." SE295 asked for his name, and he replied, ^{(b)(1)}. He then asked for SE295's ID, suggesting that SE295 might be a fake Police Security Officer. SE295 showed him his SAPOL PSO ID.

SE295 asked the male the reason for being on the premises, but he failed to provide a valid explanation. After repeated requests, he showed SE295 his Australian passport but did not hand it over. SE295 was only able to read his first name, as he was holding the ID at a distance. SE295 then communicated his physical description over the radio and requested SE550 backup.

The male then stated that his Uber had arrived and began walking quickly towards North TCE. He entered a Minister's driver's car mistaking it for his Uber. vehicle no. S239CVH but exited the vehicle within 15-20 seconds. He then ran across North TCE and entered a white Camry, which drove away.

At approximately 2358 hours 3SE290 (PSO WURFEL) reported a male smoking what looked to be a meth pipe on the steps of Parliament House.

INCIDENT SUMMARY

At approximately 14:15 a female now known as ⁶⁽¹⁾ entered Parliament House via centre hall. ⁶⁽¹⁾ items were x-ray scanned, and she was granted entry to the building.

⁶⁽¹⁾ told PSOs that she wanted to see Parliament and was advised that the House of Assembly was currently sitting. Guards within centre hall stated that she seemed stressed and possibly intoxicated. ⁶⁽¹⁾ signed in at the SINE check-in point at 14:15 with her correct details. PSO asked ⁶⁽¹⁾ for identification, but she said she was unable to provide as she had none on her. A SHIELD check was conducted, and her identity was confirmed via this check.

⁶⁽¹⁾ was then granted access to the strangers viewing gallery within the House of Assembly where PSO MORONEY and PSO JONES were present. ⁶⁽¹⁾ sat and listen to Parliament question time from approximately 14:20 too approximately 15:00. During this time ⁶⁽¹⁾ was writing on a small band-aid cardboard box and was silent and compliant.

At approximately 15:00 ⁶⁽¹⁾ stood up and moved toward the edge of the balcony and was looking down at Members of Parliament. The House of Assembly clerk called PSO MORONEY and requested the women be seated. PSO MORONEY approached ⁶⁽¹⁾ and requested that she sit down. Upon sitting down ⁶⁽¹⁾ said "I'm going to ask a question". PSO MORONEY asked who she would like to ask a question to and she replied "the speaker". ⁶⁽¹⁾ was told that she was not allowed to ask the speaker a question. She said "when the clock hits zero I'm going to yell out a question" (indicating toward the television screen above the speaker that had 5 minutes left of question time). ⁶⁽¹⁾ was asked told not to yell anything out and that she could come down to the Centre Hall and receive public contact details for the Speaker to send him a question. ⁶⁽¹⁾ again indicated that when the clock hit zero, she would be asking a question.

PSO MORONEY contacted the House of Assembly clerk to inform the Sergeant-At-Arms Lauren WILLIAMS of ⁶⁽¹⁾ intent and receive approval to remove the female. The Sergeant-At-Arms came to the gallery and requested PSO ask the female to leave the gallery. PSO MORONEY told ⁶⁽¹⁾ she was to leave the gallery and speak with PSOs. ⁶⁽¹⁾ then stood up and yelled "Mr Speaker" in the direction of Speaker MP Leon BIGNELL. BIGNELL then directed security to remove ⁶⁽¹⁾ from the gallery. ⁶⁽¹⁾ collected her belongings and complied with PSO MORONEY and PSO JONES direction. PSO MORONEY and PSO SAVIC then escorted ⁶⁽¹⁾ out onto the front steps of Parliament House. PSOs spoke with ⁶⁽¹⁾ who told them ⁶⁽¹⁾ and that China was coming to take over. PSO MORONEY offered assistance in getting publicly available contact details for her local MP to contact them but ⁶⁽¹⁾ denied.

⁶⁽¹⁾ then left the steps of Parliament House and headed east on North Terrace. Upon leaving the steps she told PSO MORONEY, PSO SINGH and PSO SAVIC "soon there will be a warrant out for my arrest" but when questioned did not elaborate. PSOs then requested Security 100 track the female and notify police.

INCIDENT SUMMARY

At around 14:50hrs in Centre Hall in Parliament House, a MOP entered through the main doors and attempted to gain access through the inner glass doors. PSO JONES was first to converse with the MOP and noticed that the female was looking around the place strangely and wasn't making much sense verbally.

PSO JONES did not unlock the door and stepped forward up to the glass to better converse with the female. PSO JONES asked the female what she was here for today and the female replied with something along the lines of "I am here to kill you guys". PSO JONES questioned this and did not get much of a confirmation if this was actually said. PSO JONES noticed the female had her hands in her pocket and asked the female to remove them and if she had any weapons on her. The female complied and said she didn't have anything on her. The female spoke very little English and was intermittently speaking in a different language making it difficult to understand her. PSO JONES asked the female for her name which she replied with something along the lines of ⁶⁽¹⁾ however, due to the glass and the female talking in a low voice, it was hard to understand. PSO JONES let the female know that she needed to leave the building and was asked for her ID but she continued on her way leaving the premises. She moved down the Centre Hall steps up to the traffic lights on the corner of North Terrace and King William Street and proceeded to cross the road heading south down King William Street. The PSOs followed her out from a distance continuing to ask for the females ID but she left the premises in a hurry.
