Memorial In The Bright Sunshine

The sun shone down on us all
As the cooling breeze sent out our call
To those we loved who have left us to cry
And we look gently to the clear blue sky

The Police band played and sung 'Pictures of You'

As the tears flowed and the sobs softly grew
Photographs of our loved glitter in the sun

The Memorial place is consecrated for all and one

Remember them with their laughter felt
And know they are here in your heart to melt

Butterflies float from their cage

As now and forever our Remembrance is made.
