Ms Alison Sandy Seven Network 560 Sir Samuel Griffith Drive MOUNT COOT-THA QLD 4066

Email: asandy@seven.com.au

Dear Ms Sandy,

Re: Freedom of Information Act application

In reference to your application made pursuant to the Freedom of Information (FOI) Act 1991, access was sought to:

"I am seeking documents since 1 July, 2019, to the date of this application relating to drivers fined for driving in transit lanes each year for the past financial year. I am specifically seeking documents such as reports and related AV material containing the following: 1. The number of motorists fined for driving while using a mobile phone across SA each year for the past financial year; 2. A breakdown of the top 10 locations for the past financial year and the number of fines incurred for each. 3. Footage/photos of 10 motorists caught on camera fined for driving while using a mobile phone and the related report in the past financial year only. Please exclude duplicates, documents that have already been publicly released including under GIPA legislation, media reports/articles/releases and correspondence with media. Please note I do not consent to information in documents being deemed irrelevant without consultation but consent to personal information such as names and addresses of motorists being redacted."

I refer to your email dated 31 August 2020 in which you clarified the scope of your request to include mobile phone use only.

I refer to your email dated 23 October 2020 in which you requested footage of the officer discussing the matter with the driver and related video.

In making this determination it should be noted parts of the audio visual material that do not fall within the scope of your application have been redacted and scheduled as *Out of Scope*. It should be further noted to assist in viewing, portions of the *Out of Scope* material has been removed with audio visual material subsequently scheduled as part A and part B.

This determination was made on 7 December 2020.

In relation to the following part of your request:

"...The number of motorists fined for driving while using a mobile phone across SA each year for the past financial year to the date of this application..."

The number of expiations issued to motorists for use hand held mobile phone for the period between 1 July 2019 and 13 August 2020 was six thousand and forty eight (6048). This information was correct as of 28 October 2020.

In relation to the following part of your request:

"...A breakdown of the top 10 locations for the past financial year and the number of fines incurred for each..."

It is determined to **release in full** data that falls within this part of your request. The data has been presented in the table below and was correct as at 28 October 2020.

In relation to the following part of your request:

"...Footage/ photos of 10 motorists caught on camera fined for driving whilst using a mobile phone and the related report in the past financial year only. Please exclude duplicates, documents that have already been publically released including under GIPA legislation, media reports/articles/releases and correspondence with media. Please note I do not consent to information in documents being deemed irrelevant without consultation but consent to personal information such as name and addresses of motorists being redacted."

South Australia Police (SAPOL) has located documents that falls within the scope of your request. The documents are numbered and described in the following schedule. The schedule contains the details of the determination in compliance with section 23. In particular, note the grounds on which access has been refused, including the reasons which are contained in the schedule.
