Subject: AOSMA - variation to liquor licence

AC / Ch Supt

Matt and I had fruitful discussions with AOSMA and they are going to resubmit their application

- 12 month trial
- Public messaging – media strategy
- 2 year ban on anyone who throws
- Develop can collection strategy
- End of event / day review
- Utilise the 4 (drinks) – 2 – 0 drop down in serving re crowd behaviour
- Utilise current existing response plans which will be tweaked if needed

What had not been previously explained:

- this is not a wholesale change to cans, AOSMA will still be utilising beer lines for certain types of beers / strength of beers, patrons will get options. (This will be further explained)
- AO is under scrutiny from Cricket Australia and the AFL to ensure appropriate crowd behaviour

Will await updated submission and submit a CBP once received
