Scott,
I have been in the LEB meetings this week with Hutch; the idea for any joint media is mine, as it allows both the AO and SAPOL to set and reinforce the standards expected of patrons at the oval with the introduction of further cans. We have in the past done similar media following poor behaviour reported on media where together with SMA management we have reinforced the actions that both SAPOL (Liquor licensing bans) and AO (Oval bans) will take in response to anti-social behaviour etc. LEB are in support of this.

Greg,
the general consensus of Venue operators across Aust is in support of re-introducing cans to all venues, given the environmental issues. And noting no security behavioural issues having been identified.

Food for thought if we consider as trial of the new style of can (draft cans)?
