Dear Mr Picton

Re: Freedom of Information Act application

In reference to your application made pursuant to the Freedom of Information (FOI) Act 1991, access was sought to:

“A statistical table of the number of people who have entered South Australia from Victoria on each individual calendar day from 24 March 2020 to 17 July 2020, and on each individual day how many of that total from Victoria were essential travellers.”

It is determined to **release in full** the number of daily border contacts from Victoria by category between 24 March 2020 and 17 August 2020. This data has been presented in a table below and the following information, including key dates should be taken into account when interpreting the data.

- border restrictions commenced on 24 March 2020;
- when a Police Officer stops a person and either grants an essential traveller status or issues a direction to self-quarantine it is recorded as a 'contact';
- one (1) 'contact' equates to one (1) person;
- data reflects 'contacts' not the number of people entering South Australia;
- the number of 'contacts' shift depending on what directions existed on any given day; and
- the system for collection of airport statistics commenced after 31 March 2020.

This determination was made on 7 September 2020.
