SAFER JOURNEYS TOGETHER – LEARNER DRIVER AND QUALIFIED SUPERVISING DRIVER AWARENESS ROAD SAFETY SESSION

The SA Police Road Safety Centre is a leader in road safety education, playing a vital role in reducing road trauma through enhancing the awareness, knowledge and skills of all road users through lifelong learning.

Despite steady falls in the lives lost on South Australian roads over the past decade, young drivers continue to be over-represented in road trauma statistics. Obtaining a licence is a very exciting time for young drivers and it is important that they are aware of licence conditions and safe driving practices. Parents/guardians need to be aware of the changes to road rules and their responsibilities when acting as a qualified supervising driver.

During the session participants will view 'Driven – the story of Holly Scott'. Driven highlights Holly's recovery from a serious injuries sustained in a crash that almost took her life. Holly Scott and her father Richard Scott speak to both groups during the session.
