Dear Ms Sandy,

**Re: Freedom of Information Act application**

In reference to your application made pursuant to the Freedom of Information (FOI) Act 1991, access was sought to:

*"I am seeking access to documents, specifically reports, ministerial/executive/hot issues briefs/briefings and attachments, audits, reviews, internal correspondence relating to equipment/assets that are lost, missing or stolen. Please also include details of whether they were retrieved/found and the cost. If the information I'm seeking exists in one document, I'm happy to limit my application to just that. However, if AV material including photos/video footage exist of the asset/device/equipment, I'd expect that to be included. Please exclude duplicates, documents that have already been publicly released, media releases /reports/articles and correspondence with media. If emails are captured, please limit to the final thread of the conversation. If there are multiple briefing notes on the same topic, please limit to the most recent, along with any attachments. Timeframe: since 1 January, 2020."*

On 12 January 2021 I invited you by email to narrow the scope of your request to: "A list of lost, stolen and missing police equipment, if the items had been retrieved/found, the cost and any AV material." On 12 January 2021 you replied, "Yes, that's fine".

This determination was made on 8 February 2021.

**In relation to the following part of your request:**

*"A list of lost, stolen and missing police equipment, if the items have been retrieved/found and the cost..."*

It is determined to **release in full** data that falls within this part of your request. The data has been presented in the table below and was correct as at 14 December 2020.
